

Preventing Medication Errors

Many things about caring for a loved one can be complicated, but taking medication doesn't have to be one of them. If you are still ordering prescriptions in a bottle, it may be time to look into the new medication packaging processes such as of bubble pack punch-out cards, also called blister packs. The new cards definitely cut down on medication errors while also improving medication adherence. Bubble packs are simple, versatile and effective. Several local pharmacies are now packing meds in this manner. Ask your pharmacy about bubble packs today.
